By International News Service.
Columbus, N. Mex., May 10. Seven hundred Mexicans were reported sighted headed toward Columbus by a rancher named Rio Dan, living four miles west of Gibson's Line Ranch. The cavalry patrols have been in-

My International News Service.

Washington, May 10.—President Wilson has ordered 1,000 Coast Artillery from Atlantic stations and five batteries of field artillery from Fort Sill, Oklahoma, to the Mexican border.

These four units reinforce the 7,000 infantry and militia ordered to the border earlier. With the 3,000 recruits recently sent to border points this will give General Punnett 11,000

Additional troops to reinforce his border patrol or to reinforce the 12,800 men in General Pershing's expeditionary army.

Reports from the border indicate fears of an organized uprising of 26,000 Mexicans.

COAL ADVANCE
TO FOLLOW PAY
INCREASE

New York, May 10.—An advance in the wholesale and retail prices of all grades of anthracite will follow the new schedule of prices at New York (weekly) made public today.

This rise is the direct result of the agreement recently entered into between operators and miners by which the miners were granted an increase in wages.

The new schedule shows an increase in anthracite of 10c per ton and of 1c per ton for bituminous. Anthracite was formerly \$12.25 to \$12.75, while the lowest run of bituminous was \$11.00 to \$11.50. The new rates are \$13.25 to \$13.75 for anthracite and \$12.00 to \$12.50 for bituminous.

Plus Trademarks from Quaker Oats Packages—See Below

This \$2.50 Aluminum Cooker

This is an effort to make Quaker Oats doubly delicious for you. But the offer lasts for this week only. We hope you will accept it.

A Cooker like this, if sold at retail, would cost at least \$2.50. This week it costs you 75 cents, plus five Quaker Oats trademarks.

We are making this offer at great expense, to show you how good this dish can be. And to make you a life-long user of this extra grade of oat flakes.

This is a luxury dish if you cook it right. In making Quaker Oats we use queen grains only—just the plump, richly-flavored oats. We get but ten pounds from a bushel.

We do that to give you big, white, luscious flakes. To give you such flavor, such aroma as small oats cannot yield.

But perfect cooking is another essential. That flavor must be kept intact. Every element must be made digestible. For this is the vim-food, and you want the vim.

So we have this Cooker made to our order. It is ideal in every way. We want every user of Quaker Oats to have it. And we hope it will win new users.

Over 700,000 homes are now using these Cookers. They are making this dish delightful. They are bringing out all its spirit-giving powers. Place your home among them, and learn how good this food of foods can be.

Only Four Days Longer—75c

This offer lasts but four days longer, and it will not be repeated.

Send us five trademarks—the pictures of the Quaker—cut from the fronts of five Quaker Oats packages, standard size, or from two of the large size.

Send with them only 75 cents, check or money order preferred, and we will send the Cooker by parcel post prepaid.
